Organized by:

prof. Miroslav Radman
prof. Mladen Merćep

prof. Igor Štagljar

Venue:

MedILS

FIRST ANNOUNCEMENT

We are pleased to announce that first conference “OMICs in biomedical research” will be held at Mediterranean institute for life sciences - MedILS, Split in period of June 8-12, 2015.

The conference will be organized by MedILS and University of Toronto.

- 1. SCIENTIFIC PROGRAM:** Novel technological advances have allowed biologists to take a sharp turn in their approaches to decipher molecular function and basis of physiological and pathological mechanisms. This conference will bring together researchers who are applying and developing novel “OMICs” approaches with an ultimate goal of understanding the functions of genes & proteins of therapeutic importance. At the conference topics such as emerging OMICs technologies, gene/protein and metabolic networks as well as their role in drug discovery and human diseases will be covered.
- 2. CONFERENCE REGISTRATION:** Planning each conference activity and event entails considerable organization; therefore we urge you to register through on-line registration form on our Web site: <http://www.medils.org/about/conference/>

We thank you for your participation in “OMICs in biomedical research”
Organisers:

Prof. Miroslav Radman, Mladen Merćep and Igor Štagljar
